

Testing: **2×**, **5×**, **10×**

$5 \times 2 = \underline{\quad}$

$2 \times 12 = \underline{\quad}$

$3 \times 2 = \underline{\quad}$

$11 \times 10 = \underline{\quad}$

$10 \times 4 = \underline{\quad}$

$10 \times 10 = \underline{\quad}$

$10 \times 7 = \underline{\quad}$

$2 \times 11 = \underline{\quad}$

$6 \times 10 = \underline{\quad}$

$5 \times 9 = \underline{\quad}$

$12 \times 10 = \underline{\quad}$

$11 \times 2 = \underline{\quad}$

$2 \times 4 = \underline{\quad}$

$2 \times 9 = \underline{\quad}$

$3 \times 10 = \underline{\quad}$

$2 \times 3 = \underline{\quad}$

$10 \times 6 = \underline{\quad}$

$5 \times 1 = \underline{\quad}$

$2 \times 10 = \underline{\quad}$

$8 \times 2 = \underline{\quad}$

$7 \times 5 = \underline{\quad}$

$10 \times 5 = \underline{\quad}$

$9 \times 10 = \underline{\quad}$

$5 \times 10 = \underline{\quad}$

$10 \times 12 = \underline{\quad}$

$10 \times 1 = \underline{\quad}$

$1 \times 2 = \underline{\quad}$

$4 \times 10 = \underline{\quad}$

$5 \times 7 = \underline{\quad}$

$4 \times 5 = \underline{\quad}$

$5 \times 8 = \underline{\quad}$

$10 \times 2 = \underline{\quad}$

$5 \times 6 = \underline{\quad}$

$4 \times 2 = \underline{\quad}$

$5 \times 5 = \underline{\quad}$

$5 \times 3 = \underline{\quad}$

$7 \times 2 = \underline{\quad}$

$1 \times 5 = \underline{\quad}$

$1 \times 10 = \underline{\quad}$

$5 \times 11 = \underline{\quad}$

1) What is the value of each coin?

2) Complete the number tracks.

2	4	6			
---	---	---	--	--	--

5		15	20			
---	--	----	----	--	--	--

10	20			
----	----	--	--	--

3) $20 + 20 =$

Which box has more money?

Have a think

I am going to count how much is in each box.

I don't think you need to count the amounts.

Task: Rhys, Aria, Amelia and Isaac bought some snacks from the shop. The table below shows what each person bought. How much money did each person spend?

				
30p	25p	15p	35p	25p

Person	Bought	Cost
Rhys	banana and crisps  	
Aria	apple and doughnut  	
Amelia	doughnut and pear  	
Isaac	banana and apple  	

Who spent the most money?	
Who spent the least amount of money?	

Write the time the clock is showing.

The minute hand has fallen off of the clocks. Joe says he can still tell if it is an o'clock time or half past time.

Can you? Explain how you know.

If it is an o'clock time, then both hands will be on the same number.

What do you think about Leanna's and Rosie's conversation?

Yes, like 12 o'clock.

Circle the correct time.

quarter past 3 quarter past 4
quarter past 5 quarter past 2

quarter to 12 quarter to 9
quarter to 8 quarter to 7

quarter to 9 quarter to 10
quarter to 8 quarter to 11

quarter past 4 quarter past 9
quarter past 3 quarter past 10

quarter past 4 quarter past 3
quarter past 8 quarter past 7

quarter to 3 quarter to 9
quarter to 4 quarter to 10

The clocks show quarter to and quarter past times.

Paint has spilt over them; can you still tell the time?

Explain how you know.

How many quarters of an hour are between 10 o'clock and 1 o'clock?

Explain how you found the answer.
